PROFILE

Computer Science student with experience in full-stack development and Unity-based immersive solutions. Currently interning at Roche and selected for PwC’s AI Launchpad program.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. CSE	SASTRA DEEMED UNIVERSITY Thanjavur	9.24	2022-26
Senior Secondary	BIEAP Board	98.4	2020-22
Secondary	SSC Board	10.0	2020

EXPERIENCE

- Roche – AR/VR Intern

Oct 2024 – Present

 - Developed an interactive VR Classroom in Unity (URP) with 3D topic selection, timeline-based video playback, quiz panels, and voice-guided navigation for immersive pharma training.
- PwC India – Data Analytics & AI Launchpad Program – Participant

Feb 2025 – Present

 - Participating in a curated learning program exploring foundational concepts in data analytics, machine learning, and business applications of AI through hands-on exercises and case-based learning.

Technical Skills

Programming Languages:C,C++,Java,JavaScript,python,C#(familiar)
CS Subjects:DSA,Computer Networks,Operating System
Web Development:HTML,CSS,JavaScript,PERN Stack,Ajax
Databases:MySQL, PostgreSQL(familiar)
AI/ML: Familiar with TensorFlow, Keras, scikit-learn,Concepts: CNNs, NLP
Tools & Technologies:Unity,Google Colab, Jupyter,VS code

PROJECTS

- Tree Species Identifier – Java, Swing, Plant.id API

(Dec 2023)

Developed a desktop application to identify tree species from images, with features like real-time detection, JSON parsing, and multi-format support.
- Mindful Moments Web App – HTML, CSS, JavaScript, AJAX

(Sept 2024)

Built a responsive single-page application offering guided meditations, breathing exercises, and motivational quotes. Integrated asynchronous content loading to ensure a smooth user experience.
- Tribal Heritage Explorer – PERN Stack

(Dec 2024)

Designed and built an educational platform focused on tribes and extinct languages. Integrated RESTful APIs, interactive UI, and a PostgreSQL database to present historical, cultural, and language preservation data.

CERTIFICATIONS

- The Complete 2024 Web Development Bootcamp

Completed Jan 25, 2025
- The Data Science Course:Complete DataScience Bootcamp 2025

Completed Jun 12, 2025
